## SEWING IN THE COUNTY, TOO

Mrs. W. H. Willis Superintendent of Organization of Red Cross Societies. Days have been assigned for work in the Red Cross work room at the Thilo Building to all the Red Cross sewing circles in Columbia. The women of the Methodist Church and the Read Hall Circle will have Monday; the women of the Sacred Heart Church Tuesday; the Virginia Avenue Circle, Wednesday; the D. A. R., the East Broadway Circle and the women of the Baptist Church, Thursday, and the Christian Church Sewing Circle, Friday.

One hundred and fifty women have registered and paid \$1 in dues at the work room. New members are enrolled each day. Mrs. W. H. Willis, superintendent of Red Cross work in Boone County, is organizing Red Cross societies in the county. A society at Oakland Church was formed by Mrs. Willis Wednesday. Other societies have been organized at Deer Park, Olivet, Rochepot and Ashland. Mrs. Willis will go to Old Cedar Sunday, where a basket dinner is to be held, and where she hopes to interest women in the work. Each of the circles formed throughout the county helps to support the Columbia Red Cross Society, and for this purpose each contributes a certain sum of money every week.

## CIRCULAR TO HELP FORM CLUBS

Miss Bab Bell Writes Pamphlet on Homemakers' Organizations.

A circular, the Homemakers' Club, by Miss Bab Bell, has just been issued by the agricultural extension service. The circular aims to help in the formation of new clubs by suggesting a constitution and by-laws, material for club work and club suggestions. The membership of the club is now about 3,500. This is a timely circular since women are organizing for food economy, according to N. M. Beeler, agricultural editor.

Much interest is being manifested in the canning and gardening clubs. The demand for circulars has increased enormously. Over 7,500 circulars on "Canning in Glass by the Cold Pack Method" have been sent out since March 1.

A. I. Foard, county agent of St. Francois County, reports another canning club with a membership of about two hundred. Last week he gave a series of canning demonstrations. He was assisted by Miss Nell Mayes of the agricultural extension service. Much interest was taken in the demonstrations.

## GOLF TOURNAMENT TOMORROW

First Matches of the Season Open to All Summer Students.

The first golf tournament of the summer will be held at 2 o'clock tomorrow afternoon under the management of Prof. J. A. Gibson, secretary of the University Golf Club. The tournament is to be open to anyone entered in the University. Entries will be made on the field. Professor Gibson expects about twenty-five entries. The contestants will be handicapped according to the scorings that they have made during the last week.

The opening tournament tomorrow will be called a medal match tournament, the winner to receive golf balls as a prize. This will be the start of a continuous tournament which will be played every Saturday during the summer. The players will receive their ranking tomorrow on their placing in the tournament and will be allowed to challenge any one of the three players just above them each week during the rest of the season and the title will be given to the leader at the end of the summer.

The links are in better shape this summer than they have been in before, says Professor Gibson, and the playing should be close and interesting. More are taking an interest in golf this season than have done so hitherto. There are at least a dozen first-class players already out and more are expected to develop during the summer's play.

## ELEMENTARY SCHOOL TO OPEN

Work Will Be Free to Children of City and County.

The Summer Session of the Elementary School will begin Monday morning, June 18. The work will be free to all the children of the city and county schools and to the children of Summer School students. It will continue for four weeks. The studies will be arranged from 8:30 until 10:30 o'clock, while the playground work will extend from 10:30 until 12 o'clock.

Mrs. J. K. Fyfer, who has been principal of the Lee School, will act as principal and will teach the common branches, such as grammar, history and mathematics. Miss Margaret Sinclair will teach the first two grades. Prof. W. H. Pommer will teach singing. Director C. L. Brewer will have charge of the playground work Monday. He will be assisted by J. F. Miller, Miss Mary Stewart and Miss Pearl Ragsdale.

According to Prof. J. L. Meriam, those who have not made out their application may do so between 8 and 8:30 o'clock.

## COACH SCHULTE TO DO HIS "BIT"

Will Take Up Farming Near Marcellus, Michigan.

Coach H. F. Schulte will do his "bit" for America in the national war crisis. Mr. Schulte left Columbia a week ago and is now at Marcellus, Mich., where, after a brief fishing trip, he will take up work on a farm near that place. He and his wife are visiting now at her father's home in Marcellus.

Mr. Schulte believes that the recent call to arms will not hinder work in Missouri athletics next fall. "It is only right," he said, "that the boys should enlist or do as they think best in the national crisis. But," he continued, "I know of enough of them that will return next fall, to guarantee Missouri a fighting football eleven on Rollins Field the middle of September."

The coach will return to Missouri in August, and plans to have the first Tiger football practice soon after the first day of school.
